Features

➤ **BUSINESS:** Read about how programs and certifications are affecting the retrofitting marketplace, as well as find information to help you design a cost-effective retrofit.

ONLINE: More experts will provide guidance through a bi-monthly blog related to the latest issue's content or what's hot in the industry. Follow us on social media and subscribe to our weekly e-newsletter to receive the latest blog posts.

➤ **PROJECT:** A specific project type will be featured each issue with before and after photos and a detailed description of the retrofit. (See the "Project" schedule in the editorial calendar.)

ONLINE: Featured projects will be showcased each week on www.retrofitmagazine.com in our "Online Exclusive" section. Projects will focus on one particular aspect of a retrofit, such as HVAC, windows, cladding, lighting, etc. Follow us on social media and subscribe to our weekly e-newsletter to receive these Online Exclusives.

➤ **COMPONENT:** Drill down into a particular component of an actual building. Explore cladding and fenestration ideas, innovative lighting and energy-efficient mechanical equipment and how retrofitting one component of a building can change its entire look and feel, as well as its efficiency.

➤ **ENERGY:** Energy-efficient retrofits will be the focus. We'll highlight how to achieve a cost-effective retrofit that actually saves energy and provides a quick return on investment.

➤ **HISTORIC:** Through case studies and expert-written articles, this section will provide insight into dealing with permitting hurdles, finding materials to meet historic guidelines, and working with zoning/historic boards.

➤ **MIXED USE:** Read about former warehouses, mills, exhibition centers and other grand-scale buildings that

are being transformed into facilities that provide diverse opportunities for living, working and playing.

➤ **MULTIFAMILY:** Explore multifamily housing and its unique retrofit requirements and delve into commercial buildings that have been reprogrammed into multifamily residential properties.

➤ **TRANSFORMATION:** Review buildings that were built for one purpose but were retrofitted for a completely different use.

➤ **TREND ALERT:** Discover the latest trends that make existing buildings feel new again. Industry experts will be interviewed to provide insight about the trends affecting the retrofit marketplace.
